

Get in. Get out. Get hired.

Grow your Skills. Grow your Career.

At Skilled KC, we believe that every person should have access to an education that opens career opportunities. That's why we offer a different kind of curriculum that focuses on the skills that companies need.

By working directly with in-demand industries, we provide workers with the skills, training and experience necessary to succeed in just five to six months with little to no debt.

With thousands of well-paid jobs available in Kansas City right now, what are you waiting for?

THE SITUATION

1,000's
OF WELL PAID JOBS
are available in
Kansas City.

THE PROBLEM

44
PERCENT
of the workforce do not
have the credentials

THE OPPORTUNITY

Get hired
FOR THE JOB YOU WANT
in as little as five months.

We teach what companies need.

We design each of our programs in partnership with in-demand industries. They are hyper-focused on opportunities right here in Kansas City and accomplished in quick bursts that take months, not years. Enroll to learn skills that not only make you more employable right now — but make you more successful in the long run.

Learn more about each of our programs at [SkilledKC.org](https://www.skilledkc.org) and take control of your career today.

Advanced Manufacturing

Build something special.

Technology drives a robust manufacturing industry in the Midwest. Companies are hiring for people with mechanical and electrical know-how, and experience operating tools and equipment. Get that experience here at Skilled KC.

Training through our Advanced Manufacturing program gives you career options like maintenance technician, industrial mechanic and production technician.

Courses are taught in a combination of online and hands-on at 5618 Troost Avenue.

INDUSTRY PARTNERS INCLUDE:

- BLOUNT INTERNATIONAL
- SOR CONTROL GROUP
- PIVOT INTERNATIONAL
- INTERNATIONAL PAPER
- ZEPHYR
- MAGNA

ADVANCED MANUFACTURING CERTIFICATE

6 MONTH PROGRAM • STARTING WAGE: \$21/HOUR - \$26/HOUR

MANUFACTURING TECH I

Teaches entry-level skills in basic electronics, fluid power and mechanical skills identified as necessary by manufacturing employers.

MANUFACTURING TECH II

Teaches the design, building, and maintenance of equipment that combines electronics, mechanics, welding and machining skills, as well as robotics and automation and controls.

Forget student loan debt.

Students in the first year of Skilled KC study tuition free, their certificates underwritten by the Kauffman Foundation.

Learn more and earn more.
